To Whom It May Concern:

It is indeed a pleasure to write a letter of recommendation for Brandon Koble. I have had the pleasure to coach Brandon at Red Mountain High School and with Wilson Sandlot.

Brandon is a left-handed pitcher who has the ability and work ethic to help any team. He can command his fastball to both sides of the plate and has an outstanding curve ball to go along with it. He also has a plus move to first base and can field his position very well. Brandon is not even close to reaching his full potential which makes him a very desirable prospect.

Brandon is also a good teammate, great student, and is very easy to coach. The Koble family has always been reliable and supportive making them a great family to have in the program.

He has always been a person that leads by example with high character. I think he will be successful in anything he chooses to do because of the way he treats people, and his desire to be successful.

I highly recommend Brandon as a person and an athlete, for any position to which he aspires. He would be an asset to any organization or team.

Feel free to contact me with any questions or concerns.
